

A DAY IN THE LIFE OF 1ST GRADE

OUR MORNING ROUTINE:

- Morning Worksheet
- Classroom Prayers
- Morning Scripture from our Catholic devotional for kids
- Announcements
- Calendar & Weather
- Counting the Days of School

OUR CLASSROOM

There is so much to learn in first grade! Weekly spelling words help improve children's ability to blend sounds and become great readers and writers. We learn the art of writing good sentences, practice reading comprehension skills and participate in small group reading. In Math, we use hands-on manipulatives to help grasp first-grade math concepts. Religion is a time for students to deepen their knowledge of the Catholic faith, while also learning to be kind individuals. Social Studies and Science are core subjects where we keep learning fun, fresh and interesting.

TECHNOLOGY IN 1ST GRADE

Our classroom is equipped with a Clear Touch board for interactive learning. We use the board to play fun rounds of Kahoot, to practice spelling words, watch interesting Science videos or even collaborate on a project together. Every student has an individual iPad for AR testing, reading and math practice on IXL and everyone's favorite-- Kahoots!

THINGS THAT MAKE OUR CLASS SMILE :)

- SIGHT WORD FREEZE DANCE!
- AUTHOR OF THE MONTH
- STUDENT PRESENTATIONS
- SCIENCE EXPERIMENTS
- RECESS!
- WORKING IN GROUPS
