

A DAY IN THE LIFE OF 2ND GRADE

Our CLASSROOM

Religion is the first subject of the day. We focus on preparing for the Sacraments of Reconciliation and First Communion. These are big steps in helping students grow stronger in their faith. In Mathematics, students focus on building their skills in addition and subtraction to be prepared to take on multiplication and division in the coming years. "Math problems are like puzzles I get to figure out," says Samuel. After everyone's favorite part of the day, Lunch and Recess, we come back to the classroom for Reading and Language Arts. As the reading levels of students progress throughout the school year, students are given reading texts that are both challenging and interesting. The beginning stages of cursive are also taught this year. After their last special for the day, we gather back in the classroom for Science or Social Studies. Students are able to practice and review the skills we learn in these subjects on our interactive Clear Touch boards.

Our MORNING ROUTINE

Students are greeted each morning with a smile and a high-five to set the stage for a great day!

- Daily Morning Meeting:
 - Announcements
 - Classroom Prayers
 - Calendar (Month, Day, Special Events)
 - Game Plan for the Day
 - 5 Min Workout

Our PHILOSOPHY

*This is
fun!*

A Saint Ambrose Second Grader is given the tools and opportunities they need to succeed in their academic journey. Students are shown and taught to be kind and respectful everyone by spreading God's love. Julianne, a current Second Grader says, "St. Ambrose is fun and I love my teachers and friends."
