What our parents are saying:

“Thank you for taking our concerns seriously. This is yet another reason I LOVE our school as opposed to public school.” N.Z.

“The faculty and staff are very welcoming and easy to talk to, my kids feel comfortable and safe, and enjoy going to school every day.” M.W.

Welcome to Saint Ambrose Catholic School, a hidden gem within the Archdiocese of Miami educating students for over 50 years. As a Catholic School we take great pride in our Catholic identity and infuse our religion into all aspects of our school day.

At St. Ambrose, we strive to develop students through a rigorous and ever-changing curriculum while assisting in their development as leaders and active contributors to the world. We use multiple assessment tools throughout the year including STAR Math and STAR Reader.

Our middle school is 1:1 Chromebooks and powered by Google Classroom. Students in kindergarten through grade five have classrooms powered by either iPads or Chromebooks and are taught in both a digital and hands-on environment. Enhancements have been made to the curriculum that includes coding in all grades as well as an improved science lab.
